TYRANNY of DRAGONS.

# D&D ADVENTURERS LEAGUE

## OUTLAWS OF THE IRON ROUTE

The Iron Route, an important trade road east of Phlan, is beset by competing bandits. An exiled Black Fist officer leads his band of mercenaries turned disaffected ruffians, while a captain of dragons oversees concerned citizens searching for aid from the north. In this war over the trade route, the beleaguered merchants are the victims, and Phlan suffers from a lack of supplies. It's up to adventurers to strike out and reopen this vital route. An adventure for 1st-4th level characters.

Join us for D & D Adventurers League Season 1: Tyranny of Dragons! \*\*\* Tyranny of Dragons This season is a story parallel to the hardcover adventure of the same name, which takes place near the Moonsea, in the city of Phlan, in the first D & D computer game, Radiance Pool (1988) Five Factions In this season, you can choose one of the five factions for your character to join: receive bonus goals, unlock secret missions and, of course, explore new forms of role. Players with ineligible characters can create a new 1st level character or use a pre-generated character. The Iron Road, an important trade route east of Phlan, is besieged by competing bandits. It focuses on Phlan, and is an adventure designed for three to seven characters from 1st to 4th level. You can edit this page to create it. Adventurers League (AL) is a D & D public games program: Start the story on a table and bring your character to the next part of the adventures getting out and reopening this vital route.
